Actual Foundation Increases and Projected Increase

2023-24 Executive Budget Proposed Foundation Aid

The Executive Proposal for 2023-24 Foundation Aid is in line with the 2022-23 Enacted Budget Legislation, as well as the settlement of the NYSER v. NYS case. The 2023-24 school year is the last year of the Foundation Aid phase-in.

For 2023-24, the Governor proposes that a district receives either a continued phase-in of Foundation Aid. For districts where Foundation Aid is already fully funded, a minimum increase of 3% would be applied.

Selected Foundation Aid	\$	6,313.66
Selected TAFPU		3,933

Calculated Annual CPI (Used for Tax Cap and Foundation Aid)

Allowable Levy Growth and Inflation Factors for Entities with a July 1 - June 30 Fiscal Year

Note: Allowable levy growth factor is expressed as a percentage.

A PILOT is another mechanism for collecting revenue to support municipal services. As previously noted, PILOTs are often included as part of an IDA agreement with a commercial or industrial development that is receiving a tax benefit for the duration of a project.

Electric School Buses

12

- Require all new bus purchases to be zero emissions by 2027
- Require all school buses in operation to be zero emissions by 2035
- State Funding for charging infrastructure
- Proposal would authorize districts to lease or finance buses up to 10 years rather than 5

Thank You

New Zero-Emission School Bus Reporting

School districts would be required to annually submit to SED a progress report on the implementation of zero-emission school buses including:

- Capacity of the electrical grid to meet needs
- Number of charging stations and other components
- Workforce training to date
- Number and proportion of zero-emission buses currently purchased, leased or utilized
- Number of zero-emission buses anticipated in the next two years
- Number and proportion of zero-emission buses utilized by contractors providing transportation services
- Number and proportion of zero-emission buses anticipated to be utilized by contractors in the next two years
