Erin Parr-Horlings
Clinical Supervisor

Program made possible
through the ongoing
partnership between
**Niagara Wheatfield CSD &
Horizon Health Services,**
and the
Devin Waring Foundation

Topics Covered:

- Basics of cannabis as a plant, product, medicine, and potential drug of abuse
- Accurate and factual drug information
- Overall risk / benefit profile
- Effects of THC vs. CBD
- Signs of intoxication / overdose / dependence / withdrawal
- Effects cannabis has on the brain and body, particularly during adolescence
- How to talk to your child about this topic
